Five days of enrichment! Choose from one to five days. HighTouch HighTech program runs 9 a.m.-3 p.m. Students can attend Kids Club (open play opportunities) before and after the program for an additional fee. Students must bring their own lunch, morning snack and beverage in a non-breakable container.

Monday • Science Action Day — Make your own remote control roller and test the strength of a soda can. Listen into a roaring cup. Create a bang in a bag with Carbon Dioxide. Take home a duck caller.

Tuesday • Paleontology Day — Cause a meteor catastrophe on different surfaces. Discover teeth and how they were different between dinosaurs. Observe different fossils and take home an imprint. Go on a dino egg hunt.

Wednesday • Fearless Phenomenon Day — followed by a big one. See a hurricane in a glass. Make tornadoes in a pop bottle.

Thursday • Icky Sticky Day — Start out the day by making glow in the dark mud which is followed by making gooey slime and exploding colors in a pan. Also take home your very own homemade finger paint.

Friday • Gold Rush Day — Pan for gems like an old prospectors used to do. Test the gems for classification. Create your own jewelry with gems and make a memory plate with the rest.

Pepper and Linda Mitchell!! This unique camp has very limited enrollment. Register EARLY!!!

Monday • Ecology Day — A whole day of activities around, about, and exploring the planet upon which we live. Ecology is the study of how all the living and non-living parts fit together. Campers will learn some simple ways to save the planet and work with recycled materials. Hike the trails to find balance points where nature is at work. Start a nature journal to sketch or describe your observations.

Tuesday • Ornithology Day — Birds of a feather flock together..... or do they? Come learn about our feathered friends. Discover their habits and habitats as

JUNIOR NATURALIST SPRING RECESS CAMP

"Hands-On • Minds-On" at the BIRMINGHAM ENVIRONMENTAL CENTER

for Grades K-5 • APRIL 5-9, 2010 • 9:00 a.m.-3:00 p.m.

Per Day Fee: \$35. BPS resident / \$40. Non-resident

Week Fee: \$165. • There is NO latchkey available with this program.

Choose from one to five days. Each day will have both indoor and outdoor activities. **Dressing appropriate for the weather conditions is a must!** Each day will include activities, a craft, an experiment, a hike, and time for lunch. **Students must bring their own lunch, morning snack and beverage in a non-breakable container. Camp hosted by BEC's own Barbara**

you hike the BEC trails. The day will cover basic birding skills, adaptations, observation, and other flighty activities.

Wednesday • Herpetology Day — Contrary to popular belief reptiles are not slimy. The Amphibians are moist rather than slimy. Come meet Spike the BEC's resident Bearded Dragon to see for yourself. Campers will enjoy a variety of activities designed to enlighten you about these fascinating creatures.

Thursday • Mammology Day — Mammals are mostly furry. Come learn about the ones who aren't and all the fascinating facts about fur. Campers will hike the trails in search of the often unseen and generally elusive homes and hiding places where the BEC's resident mammal population hang out. The animal exhibits at the BEC will provide the backdrop for this hands-on minds-on day of exploration.

Friday • Plant Day — Botany for beginners. Spring is coming and there is plenty of evidence around the BEC. Come learn early gardening tips and dissect a flower or two. Their pieces and parts are amazing when examined through a microscope. We will hike the trails in search of the first flowers of spring. The trees are budding and the insects are busy pollinating.
